Hulu

Bronze | 90 x 58 x 54 cm | Edition of 8

Hulu is bottle gourd in Chinese pronunciation. *Hulu* is extended from another significant piece *The Beginner's Mind*, one adult figure carries a kid figure on his shoulders. Two characters do not look at each other but they hold each other to become partners in this piece. This piece reveals the artist's dualism in pursuit of a balance in his art career. Be an artist to create works that the public loves or works that are not easy to interpret? When a genuine kid and a successful man they work together, the artist found the answer.
